OEV4

- The construction of new water works was to begin in autumn 1953, about 2½ km.
  west-southwest of Unhost (N 50-05, E 14-09) in an area surrounded by a wire
  fence, about 200 cm. high, exactly at bench mark 371.
- 2. Posista, National Enterprise, Revolucni 21, Prague 1, is carrying out the construction. The building is being done under the authority of the department of military construction, Revolucni 16, Prague 1. The project is known as number K-117.
- 3. Preparations for construction began at the beginning of June 1953, and by August about 60 employees were engaged in bringing material from Unhost railroad station, fencing the area, digging trenches, and putting up the scaffolding, prior to hauling building materials from the store to the hill. A trench two meters wide and 140 cm. deep has been dug from bench mark 371 to the barracks, and pipes and telephone cables are to be laid in it. Additional buildings are situated about 50 m. east of bench mark 371, consisting of six wooden huts used as offices and stores. The water works proper will probably cover an area of about 20 x 30 m. which has been staked out.
- 4. Description of project see sketch:
  - (1) Barracks, covering an area of about 150 x 120 m. The barracks consists of one two-story building. The area is triangular, surrounded by a wire-net fence two meters high. There are about 150 soldiers in these barracks, with black shoulderboards: and facings. They display the building troops badge, a pair of compasses with a semicircle, on their shoulder boards.
  - (2) Fenced-in area: not built up at all yet. The construction of the water works has just begun. The area is wooded.
  - (3) Water works: in the preliminary stages.

- 5. Management personnel of Posista, Prague:
  - a. Manager of the military construction projects:
    Senior Lt. Falout (fnu). He issues the passes for workers on military constructions and at the same time sees that they sign secrecy pledges about the construction. He is a firm Communist.
  - b. Manager of the personnel and wages department: Antonin Koukal, a Communist on paper only. He allocates workers to the various constructions.
  - c. Accountant:
     Justyn Bures, who has recently been transferred to the construction at Unhost. Not a Communist.
